Big Row Over Boat

A warrant was issued last Thursday for the arrest of Chas. Anderson charging him with stealing a gas boat and set of carpenter tools. The charge was made by A. J. Dawson of Ketchikan, and at the hearing Friday morning it came out that the trouble arose over the gas boat Richmond which Dawson claims to own, the boat was wrecked a year ago near Lincoln Rock and the original owners left for Seattle where Dawson claims to have bought the boat, and they left the boat in care of Anderson. Anderson has spent the past winter working on the boat and as his grub ran out he worked her out into the water and made a sail and started to sail to Wrangell and after getting part way here was picked up and towed into port when Dawson arrives and made the complaint. At the hearing Anderson states that he did not try to steal the boat but that he had to get away somehow to get grub, and that he had turned the boat over to the custom house but that he wanted wages for the work he had put on her. The case was dismissed and as Dawson could not show any papers for the ownership of the boat it is in the hands of the custom officer.

Believe Bill Will Pass

Mayor Emery and N. J. Svindseth returned from Juneau on the Alki last Tuesday morning. They have been at Juneau as delegates to the Grand Camp of the A. B. from Camp Wrangell, and report that order has cemented together the two factions in good shape. While in Juneau they boosted for the Stikine Trail appropriation before the legislature, and both are of the opinion that the \$5000 will be forthcoming.

Wireless For West Coast

Senator Sulzer is certainly working overtime for the interests of his particular section of South-eastern Alaska, and in fact for the whole of the first district, and is introducing in the senate many needed and worthy measures which we heartily endorse. His latest is the introduction of a memorial introduced in the senate on March 18th asking for wireless stations at Sulzer, Craig and Tokeen. The memorial points out that the towns are badly in need of means of communications, as the army cable does not serve them. The memorial is now in the hands of the committee on transportation, commerce and navigation, and there is every indication of early action being taken on it.

W. G. Beattie Has Resigned

W. G. Beattie, for the last four years superintendent of the Alaska division of the federal bureau of education, has resigned that position. The resignation is to take effect June 1.

It is understood Beattie has made application for the position of principal of schools at Cottage Grove, Or.

Mrs. Olson Passes Away

The community received a sad shock last Tuesday morning to learn of the death of Mrs. Oscar Olson, which occurred at the family home at 10:30 Monday evening, March 22nd. The death of Mrs. Olson was caused from septic poisoning, from which she was sick but three days.

The passing away of Mrs. Olson is a very sad incident. A young woman, but twenty-five years of age, with the full of life before her and with two little girls, the oldest but seven years and the youngest four, to be called to the great beyond when life was at its best is indeed sad.

Mrs. Olson, nee Amanda Johanson, was born in Karlsamn, Sweden, January 10, 1890, and came to America in 1905, living with relatives in San Francisco and was married in that city on December 10, 1907 to Mr. Oscar Olson. Two children came to bless the union, both born in San Francisco. Mr. Olson and family came to Wrangell two years ago and have made this their home since, and have a wide circle of friends.

The deceased leaves to mourn her demise, besides her husband and children; her mother and father in Sweden, and three sisters Mrs. Anna Olson and Mrs. Segard Johnson of Seattle, and Mrs. M. Larson of San Francisco, and two brothers, Mr. Frank Johanson of Ballard, Wash., and Mr. Martin Johanson of Patterson, Calif., and brother-in-law Mr. Alf Olson of Wrangell, Alaska.

Rev. Clark officiated at the funeral services held Tuesday afternoon, and she was laid to rest in the Red Mens Cemetery.

The heartfelt sympathy of the entire community goes out to the prostate husband and family and may they be comforted by the knowledge that she sleeps in peace away from the cares of this world.

Have you Registered? If not why not? You had better hurry as there is only one week left. Ladies you have a vote so register now.

This election will be held for the purpose of electing a Common Council of seven members, and two members of the School Board, a clerk to fill the unexpired term of L. P. Dawes, and one member for a three year term.

New Mine Shipping Ore

On the next freighter going out of Sulzer there will be the first shipment of Bariumite ore from Alaska. This new ore is used to mix with white lead in the making of paint and is found in only one place in the states. The mine is at Limestone Point about ten miles from Sulzer. The ledge is forty feet wide and it is not known but it is figured that there is enough ore in this one ledge to furnish the paint mills with all they can use for years. This will prove another good industry for Alaska.

Returns From Trip To The Fair

Mr. and Mrs. Arnt Sorset were Wrangell passengers on the Princess last Tuesday morning, returning from a six weeks trip to the fair at San Francisco. They report a fine time and that the fair is great. Mr. and Mrs. Sam Cunningham who accompanied them South, after arriving back in Seattle from the fair, left for a short visit with Mr. and Mrs. Fred Carlson formerly of Wrangell at Olympia, Washington. They are expected back about the first of the month.

We have the goods, the Rink.

Doings At Courthouse

The notorious Geo. Sanders is again a guest of Marshall Wallace, charged with assault on one Jake John or "Jumbo". The offense was committed at Anitta Bay, Jumo coming here and making the complaint when the Marshall sent after him. He was given 90 days. This is his third offense lately.

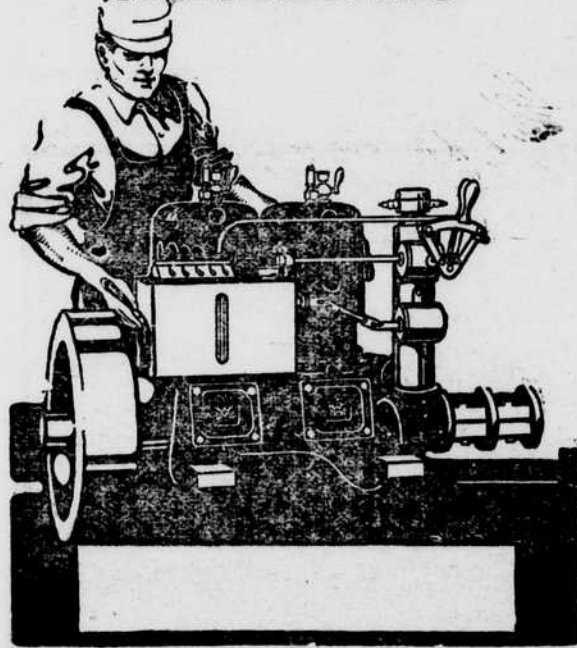

Chas. Linguist was given a hearing in the Commissioners Court last Monday on the charge of assault, sworn to by J. H. Wheeler charging him with picking up his son and threatening to throw him in the bay. He plead guilty but stated that he was drunk and did not mean anything. He was fined \$5. and cost.

Dr. E. Lester Jones Gets Big Raise

Washington, March 12—Otto H. Tittman, superintendent of the United States coast and geodetic survey since 1900, retired from office today after forty-eight years of government service. He will be succeeded by Dr. E. Lester Jones now deputy commissioner of fisheries.

Printing Point Does Not Bob Up and Down

In an L. C. Smith & Bros. Typewriter the point on the paper which is to receive the type impression is stationary at the instant the type hits. The carriage does not bob up and down when the shift is made to write capitals.

Why?

Because the type is shifted—not the carriage.

The only movement of the carriage is back and forth on its closely adjusted ball bearing runways—and this does not take place while the print is being made. There is no lifting of the carriage.

This is one reason why L. C. Smith & Bros. type-writing is free from blurs and every letter in the right place.

A Very Pretty Dancing Party

The prettiest affair of the season was the the dancing party given by the Misses Beiler and Thomas last Friday evening at Red Men's Hall. The party was in honor of St. Patricks Day but owing to other attractions on that date was postponed until Friday night. The hall was very prettily decorated for the occasion, with every one wearing a bit o' green. The party was a decided success, the music being good, and every one having a splendid time. The dancing lasted until the wee small hours and everyone wishing the young ladies the compliments of the season.

Vivid Tragedy Comes To Light

One of the most awful and "vivid" tragedies of Alaskan life was the death of King Thurman as told this morning by William Austin who was the first man to find the body of Thurman in the cabin in Chickaloon Flats. Mr. Austin arrived last night and has with him a scrap of paper which carries a few words written by Thurman showing the frightful agony of the poor fellow before he brought his gun into play to end what was left of life.

The last words of Thurman were written on a paper at the top of which was a notice of location. As the right hand had been torn by the bear the poor fellow evidently had to use the left hand. The letters were printed laboriously and some of them were illegible entirely. They were written up and down the page like a list of names.

"Have ben tore up by a brown bear. No show to get out. Good by."

Then, later, Thurman evidently tried to write again but the suffering was too great. "I'm sane but I'm sufferin'" he printed and then came some printed letters that could not be deciphered, and his last effort brought out the words "the—of death."

Mr. Austin and J. Wik found the body on March 4. When the other two men went to bury it they cut open the clothes. The whole right side was torn and chewed up from the shoulder down and the ribs were loosened from the back bone. The left hip was also torn up as were the right arm and calf of the right leg. Mr. Austin believes the bear must have attacked him about a hundred yards from the cabin. Thurman hardly ever went unarmed but in this case he had evidently left the cabin to get a bucket of water. In the cabin was also found a diary kept by the unfortunate man. The last entry was dated July 25. This entry was "Came to cabin last evening."

Some News By "Scotty"

The right honorable Craig Millar, ex-mayor of Craig, is having a "hi-yu" time fixing up the Swift cannery at Warm Chuch. He is assisted by Mr. Gary and a lot of willing hands, and they expect to be running next week. The latest arrival at the cannery is the 65 foot seine boat Legaz Bros., of Seattle. This is the fastest seine boat in Southeastern Alaska, having come up from Seattle neck and neck with the Jefferson and then beating her into Ketchikan. Craig swears that she goes twelve knots an hour. we wonder if that is with a fair wind and a fair tide through the Skookum Chuck.

The Pirat and her crew are gradually filling up the herring pot and soon expect to have about ten thousand barrels stowed away for the halibut boats.

There are about five hundred natives on Fish Egg Island gathering herring spawn but up to date report a poor crop.
